## Natural Prostate Support

### PRODUCT DESCRIPTION

**Prostane®** is a unique herbal formula that has shown excellent results in helping people maintain a healthy prostate. It has been proved to be a safe and cost-efficient approach to supporting the overall urogenital function.

The common parameters of urination were studied in several clinical trials of **Prostane®** comparing its effectiveness to other products.

The advantages of **Prostane®** were found to include its non-hormonal nature and the absence of side effects. In general, Prostane's documented health benefits have been rated superior to natural products based on saw palmetto. Recent studies have also shown that **Prostane®** helps maintain a normal PSA count as well as a healthy bladder.

**Prostane®** is a natural solution that helps most men over 50 address a common nuisance of aging and maintain normal urinary comfort for enhanced sense of well-being.

### MAIN INGREDIENTS

Himalaya ProSelect® formulas are derived from traditional ayurvedic remedies whose key ingredients are combined to achieve safe and synergistic effects. One active ingredient may be buffered by others while certain ingredients play the role as adjuvants, by strengthening the digestive system or helping to remove wastes. Others are included to increase bioavailability and enhance absorption. No single active constituent has the broad activity of the entire plant and no single plant has the activity and safety of carefully formulated blends.

- **Salep orchid** (*Orchis mascula*) - Nerve stimulant and revigorating tonic. Effective prostate health promoter.
- **Hygrophila** (*Astercantha longifolia*) - Supports the male urogenital function and promotes prostate health.
- **Elephant creeper** (*Argyreia speciosa*) - Supports the nervous system and is a geriatric tonic and mild aphrodisiac.
- **Mucuna** (*Mucuna pruriens*) - Nervine tonic also shown to be an aphrodisiac.
- **Gokshura** (*Tribulus terrestris*) - Promotes the flow of urine and cools and soothes the membranes of the urinary tract.

### ☛ KEY RESEARCH

A clinical trial, reported in Antiseptic (1980): 10, 590, was conducted over two years on 50 patients, with common parameters of urination used to assess the effectiveness of **Prostane®** in maintaining a healthy urinary function. Positive response was reported in more than 80% of the cases, with complete satisfaction in more than 50%.

A later study on urinary comfort was conducted in 1988 on 82 patients and reported in Curr. Medical Practice (July 1992): (36), 7, 179. It concluded that **Prostane®** is an effective and safe prostate health product. There is experimental evidence that shows **Prostane®** potentiates the action of adrenaline on the prostatic capsule. As adrenaline is known to cause contraction of the smooth muscles, this mechanism of action seems to explain the efficacy of **Prostane®** in maintaining a healthy prostate.

### ☛ OUR DEDICATION TO SCIENCE AND QUALITY

We are dedicated to providing safe and effective natural health products that help “defy aging” and enhance life, naturally. Our scientifically validated natural formulas come from The Himalaya Drug Company, founded in 1930 and a worldwide leader in modern adaptation of an age-old tradition. Rooted in Ayurveda, the Science of Life and Longevity, our carefully balanced herbal blends have been subjected to the modern scrutiny of clinical testing to prove their unparalleled benefits in gently addressing all health concerns. All Himalaya ProSelect® formulas are produced to pharmaceutical quality standards in state-of-the-art facilities and “fingerprinted” for consistency by the most sophisticated chromatographic quality control techniques.

### ☛ OUR GUARANTEE

At **Himalaya USA®**, we focus on science, quality and proven performance, not on esoteric tradition or trendy supplements. Our products have been marketed worldwide for decades and are endorsed by over 200,000 health professionals. We unconditionally guarantee our “Natural Prostate Support Formula” for your complete satisfaction.
