

Septilin®

Natural Immune Support

PRODUCT DESCRIPTION

The weakening of immune protection, the body's main line of defense, usually results in many unhealthy conditions. Common "quick relief" methods of treatment only temporarily ease the symptoms, they don't provide any preventative measures. The Ayurvedic alternative, however, is aimed at "building up" the body's own defense mechanisms to prevent negative conditions. **Septilin®** contains many medicinal plants, such as Guggul, which possess immunomodulatory properties that aid this "building up" process.

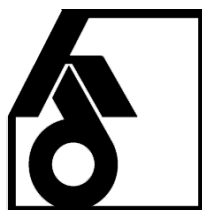

Septilin® provides effective support of the immune function, ensuring that the immune response works efficiently. The best level of resistance is achieved through normalization of leukocyte function by improved phagocytosis (the immune response by some of the white blood cells - leukocytes and macrophages - that destroys microorganisms and foreign bodies).

MAIN INGREDIENTS

Himalaya ProSelect® formulas are derived from traditional ayurvedic remedies whose key ingredients are combined to achieve safe and synergistic effects. One active ingredient may be buffered by others while certain ingredients play the role as adjuvants, by strengthening the digestive system or helping to remove wastes. Others are included to increase bioavailability and enhance absorption. No single active constituent has the broad activity of the entire plant and no single plant has the activity and safety of carefully formulated blends.

- **Guggul** (*Commiphora mukul*) - Famous broad spectrum herb. Promotes general defense mechanism of the body through increased white blood cell production.
- **Guduchi** (*Tinospora cordifolia*) - Tonic which helps build the body's immune resistance.
- **Indian Madder** (*Rubia cordifolia*) - Blood-purifying herb and immune regulator.
- **Amalaki - Indian Gooseberry** (*Emblica officinalis*) - High in natural Vitamin C. Very potent antioxidant and proven immune function booster.
- **Horseradish Tree** (*Moringa pterygosperma*) - Broad stimulant that helps support a healthy immune function.
- **Licorice** (*Glycyrrhiza glabra*) - Rich in flavonoids (antioxidants).

Septilin®

Natural Immune Support

☛ RECOMMENDED DOSAGE

Presentation: 80 Tablets

Directions for Tablets: Take 1 or 2 tablets twice daily, preferably with meals.

Caution: Keep out of direct light and reach of children. The use of natural products provides progressive but long-lasting results. Allow several weeks for full benefits.

☛ KEY RESEARCH

Although **Septilin®** has shown no direct antibacterial activity in culture media, it significantly protected animals against pathogen-induced infections, suggesting a stimulation of phagocytic activity. (Indian Journal of Experimental Biology, Vol.32, August 1994, pp.553-558). Indeed, other studies have indicated that the phagocytosis of bacteria is significantly increased in people who have taken Septilin® for several weeks. That increase can be linked with recent clinical and experimental work that clearly demonstrates that many complex glycoproteins of plant origin have the ability to induce a proliferate response in different types of cells in the immune system. All those studies suggest a model in which complex herbomineral formulations interact with the body's defense mechanisms and offer a natural and effective option to strengthen the body's resistance.

Another multiple dose, double blind, placebo-controlled study was conducted to assess the health promoting benefits of **Septilin®** for allergen sensitive people. **Septilin®** was found to be very effective and had a much lower incidence of side effects than commonly used products. (Indian Journal of Pharmacology - 1993 - Vol 25, pp. 114).

☛ OUR DEDICATION TO SCIENCE AND QUALITY

We are dedicated to providing safe and effective natural health products that help "defy aging" and enhance life, naturally. Our scientifically validated natural formulas come from The Himalaya Drug Company, founded in 1930 and a worldwide leader in modern adaptation of an age-old tradition. Rooted in Ayurveda, the Science of Life and Longevity, our carefully balanced herbal blends have been subjected to the modern scrutiny of clinical testing to prove their unparalleled benefits in gently addressing all health concerns. All **Himalaya ProSelect®** formulas are produced to pharmaceutical quality standards in state-of-the-art facilities and "fingerprinted" for consistency by the most sophisticated chromatographic quality control techniques.

☛ OUR GUARANTEE

At **Himalaya ProSelect®**, we focus on science, quality and proven performance, not on esoteric tradition or trendy supplements. Our products have been marketed worldwide for decades and are endorsed by over 100,000 health professionals. We unconditionally guarantee our "Natural Immune Support Formula" for your complete satisfaction.
