

Vegecort®

Natural Skin Support

PRODUCT DESCRIPTION

Vegecort® is a unique complex herbal formula that helps maintain the skin in an optimum healthy state. It has broad action on many underlying mechanisms linked to optimum skin conditions. The benefits of **Vegecort®** tablets can be synergistically amplified by taking them with various **Vegecort®** topical adjuvants.

In Ayurveda, a radiant skin is one key indicator of optimum health that can be reached through a broad approach. For example, broad detoxification through liver support and the optimization of the immune system performance are two essentials for both optimum health and optimum skin appearance. **Vegecort®** offers some additional and more specific support of a healthy skin by providing cleansing benefits and optimizing many specific skin metabolisms.

MAIN INGREDIENTS

Himalaya ProSelect® formulas are derived from traditional ayurvedic remedies whose key ingredients are combined to achieve safe and synergistic effects. One active ingredient may be buffered by others while certain ingredients play the role as adjuvants, by strengthening the digestive system or helping to remove wastes. Others are included to increase bioavailability and enhance absorption. No single active constituent has the broad activity of the entire plant and no single plant has the activity and safety of carefully formulated blends.

- **Guggul** (*Commiphora mukul*) - Immunomodulator that helps maintain a healthy skin.
- **False Black Pepper** (*Embelia ribes*) - Supports healthy skin.
- **Tumeric** (*Curcuma longa*) - Cleansing and purifying properties.
- **Triphala** (*Amalaki, Vibhitaka, Haritaki*) - Synergistic combination of three well-known fruits. Excellent intestinal cleanser, adaptogenic and rejuvenator.
- **Guduchi** (*Tinospora cordifolia*) - Helps build the body's immune resistance.
- **Neem** (*Azadirachta indica*) - Famous herb effective for promoting healthy skin and blood.
- **Babchi Seeds** (*Psoralea corylifolia*) - Supports dermal health for normal skin appearance.

• KEY RESEARCH

The health benefits of two of the most interesting ingredients in **Vegecort®** have been well documented and proven through clinical trials.

Turmeric (*Curcuma longa*) has long been associated in ayurvedic formulas with broad skin support. Its properties have been described in many scientific articles such as Brit. J. Phytother. (1991): (2), 2, 51.

Babchi seeds (*Psoralea corylifolia*) have undergone several clinical trials in various preparations for dermal benefits. Babchi seeds' mode of action has been documented to have an effect on dilated arterioles whereby the blood supply to the skin is increased for optimum properties. Eastern Pharm.(1959): (2), 20, 29

• OUR DEDICATION TO SCIENCE AND QUALITY

We are dedicated to providing safe and effective natural health products that help “defy aging” and enhance life, naturally. Our scientifically validated natural formulas come from The Himalaya Drug Company, founded in 1930 and a worldwide leader in modern adaptation of an age-old tradition. Rooted in Ayurveda, the Science of Life and Longevity, our carefully balanced herbal blends have been subjected to the modern scrutiny of clinical testing to prove their unparalleled benefits in gently addressing all health concerns. All **Himalaya ProSelect®** formulas are produced to pharmaceutical quality standards in state-of-the-art facilities and “fingerprinted” for consistency by the most sophisticated chromatographic quality control techniques.

• OUR GUARANTEE

At **Himalaya ProSelect®**, we focus on science, quality and proven performance, not on esoteric tradition or trendy supplements. Our products have been marketed worldwide for decades and are endorsed by over 100,000 health professionals. We unconditionally guarantee our “Natural Skin Support Formula” for your complete satisfaction.
